Ashkan Tavassoli

Web Developer

Portfolio: ashykng.com
github.com/ashykng
linkedin.com/in/ashykng

SKILLS

| | |
|------------|--|
| Languages | Python, JavaScript, SQL |
| Frameworks | Django, Flask, FastApi, BeautifulSoup, Selenium, ReactJS, NextJs |
| Tools | Docker, GIT, Tailwind, Bootstrap, Swagger, PostgreSQL, MySQL, SQLite |
| Platforms | Linux, Web, AWS, Arduino |

TECHNICAL EXPERIENCE

Full Stack Developer Jun 2025 — Present
Mepat

- Develop and maintain web APIs using the Django framework.
- Participate in database design and implementation using SQLite.
- Write technical documentation using Swagger and user guides for various projects.
- Develop and implement web applications using modern frameworks such as React and Tailwind.
- Implement an integrated system with a PWA version usable for IOS and APK version.
- Use version control tools such as Git to control changes and collaborate effectively on projects.

Network and hardware systems support expert May 2025 — Jun 2025
Charkheshgar IT (hardware and network) (2 months)

- Technical support for network and hardware systems, and solving everyday user problems.
- Monitoring and optimizing the performance of local and wide area networks (LAN/WAN).
- Installing and configuring network equipment, including routers and switches.
- Analyzing and documenting technical issues and providing appropriate solutions.
- Training users in using hardware and software systems.

Python Backend Developer Oct 2024 — Apr 2025
Farasanat Electronic (7 months)

- Developing and maintaining web APIs using Django and Flask frameworks.
- Contributing to database design and implementation using Postgres and MySQL.
- Collaborating with the front-end team to integrate and optimize the user interface.
- Writing technical documentation with Swagger and user guides for various projects.
- Working on open-source projects and contributing to the programming community using Git and GitHub.

Full Stack Developer Aug 2024 — Oct 2024
CM Net (3 months)

- Developing and implementing several web projects using Bootstrap and React.
- Designing and implementing RESTful APIs for communication between systems using Django.
- Collaborating with different teams to provide technical solutions and optimize website performance.
- Contributing to API development and integrating it with the Postgres database.
- Conducting software testing and debugging to ensure correct functionality and good performance.
- Providing technical documentation with Swagger to team members and end users.
- Building and deploying using Docker on servers.

Python Developer May 2023 — Jan 2024
Mozayedegar (11 months)

- Developing and enhancing dynamic websites using HTML, CSS, and JavaScript programming languages.
- Designing and implementing RESTful APIs for system communication using Flask and Django.
- Swagger documentation for implemented APIs.
- Scraping with BeautifulSoup and Selenium in Python and storing in the Postgres database.
- Building and deploying using Docker on servers.

EDUCATION

Bachelor of Computer Engineering, University of Tabriz Oct 2023 - present
